Expo

TECHNICAL CONFERENCE
16th & 17th August 2024

ABOUT THE CONFERENCE

HITEX brings you **“THE ECO SUSTAIN TECHNICAL CONFERENCE”** brings together global leaders, policymakers, industry experts, academics, and researchers to collaborate and exchange knowledge on sustainable best practices. This year's conference focused on the best ways to measure and prioritize positive impacts on the planet and society. The conference aims to facilitate discussions on innovative strategies, technologies, and policies that promote waste reduction, recycling, and circular economy principles to create a cleaner and healthier environment for future generations.

Eco Sustain Conference 2024 creates a platform for scientists, researchers, and scholars associated with this field to showcase their new findings and research work at this conference. Discussions will range from different topics starting from Recycling Basics, ETP, and Wastewater Treatment to Renewable Energy and Effect of 3Rs on Climate Change and the participants will get an opulent opportunity to interact with the industry well-known speakers coming from different segment of business.

The conference will include keynote addresses, technical presentations, panel discussions & roundtable sessions. This is also an opportunity for B2B meetings on the most recent improvements in the field of Recycling and Waste Management, where like minded professionals will exchanges their ideas & thoughts.

With your support & participation, we are sure to accomplish significant success & scale new heights.

Registration Includes:

- Access to all the sessions
- Conference Proceedings Book
- Access to networking coffee & luncheons

ECO SUSTAIN TECHNICAL CONFERENCE

DAY 1 16th August, 2024

Time	Speaker	Session / Topic
10:00AM – 11:00AM	Registration – Meet & Greet	
11:15AM – 12:00PM	K N Rao Corporate Head - EHS & Sustainability Maha Cement	Keynote Presentation Sustainability challenges & way forward
12:00PM – 12:30PM	Sponsor Presentation Slot	(TBC)
12:30PM – 01:00PM	My Home Group	Presentation Revolutionize to smart & sustainable Construction
01:00PM – 02:00PM Networking Lunch		
02:15PM – 02:45PM	Dr. Ganges Reddy CEO & Managing Director – BlueDrop Enviro	Panel Discussion STP/ETP/CETP Best sustainable practices
02:45PM – 03:15PM	Sponsor Presentation Slot	(TBC)
03:15PM – 03:30PM Refreshment Break		
03:30PM – 04:30PM	Mr Sampath Subramaniam MD – Pyrogreen Energy (Chairman National Solid Waste Association of India)	Panel Discussion Recycling and Waste Treatment Technologies
04:30PM – 05:00PM	Director CSIR – Indian Institute of Chemical Technology or Indian Institute of Chemical Engineers	Presentation Efficient Handling of Chemical & Industrial Hazardous Waste
Note: This is Tentative Program only Subject to change		
To register please call +91 91543 65901 or mail at pf@hitex.co.in		

DAY 2

17th August, 2024

Time	Speaker	Session / Topic
10:00AM – 11:00AM	Registration – Meet & Greet	
11:00AM – 11:30AM	Dr Shailendra Saroj Chairman - / FEVA	Presentation E-Waste & Recycling Policy Guidelines.
11:30AM – 12:00PM	Dr A T Kishore Director- Dhanwantari Drone Pilot Academy	Presentation Global Trends in E- Waste Vision 2047
12:00PM – 01:00PM	Panellist: Varghese Samuel Co-Founder – Matlabs Dr A T Kishore Director – Dhanwantari Pilot Academy Srinivas Yerrapothu Chairman – Gia Nation Dr Rajeev Mishra National President – / FEVA Moderator: Dr Shailendra Saroj Chairman – / FEVA	Presentation Key Strategies for Effective E- Waste Management
01:00PM – 02:00PM Networking Lunch		
02:15PM – 02:45PM	Sponsor Presentation Slot	(TBC)
02:45PM – 03:10PM	Er N Prakash National secretary Indian Institute of Plant Engineers	Presentation Air Pollution Control and Equipment
03:15PM – 04:10PM	Dr M S Shivakiran CEO – Atal Incubation Centre	Presentation Solid Waste Management
04:10PM – 05:10PM	Panellist: Er Balaiah S Director – Trinity Energytek Sustainable Solns Er R C Shekar Director – National President – IIPE Dr D S Setty CEO – Nuclear Fuel Complex Moderator: Engr N Prakash National Secretary – IIPE	Panel Discussion Sustainability in Process Technologies, Manufacturing and Energy Efficiency

Note: This is Tentative Program only Subject to change
